Great Old Remedy For Skin Diseases

S. S. S. Clears Skin of Eruptions Drives Poison From the System.

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and salves, would be necessary. Agree with us in this

belief, and your trouble can be relieved—you can be entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your trouble, and finally make you entirely well. Fifty years ago S. S. S. was discovered and given to suffering mankind. During this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood, and may be followed by the sufferings from torturing skin eruptions. Therefore be sure. Don't take chances, don't use lotions. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice to S. S. S. Co., Atlanta, Ga.
